

**WEEKLY SAFETY TIP – 010312 – WHAT’S WRONG IN THIS PICTURE?**

Happy New Year!

We are starting this year off with an interesting picture. To set the scene, you are looking at a sign that warns of the presence of a permit required confined space. The sign is on the side of a brick-faced raised garden planter. Immediately behind the planter was a hotel and restaurant. Immediately in front of the sign was a sidewalk and a parking lot. The SCM newsletter team saw the sign. We looked around the area, but were unable to locate a manhole, sewer grate or anything that resembled a confined space.

What’s wrong in the picture?

The first to respond will receive an SCM shirt, hat or CPR barrier kit of your choice, and a mention in the Spring Quarter Safety Newsletter.

We look forward to hearing your thoughts.
