

WEEKLY SAFETY TIP – 2/1/10 – WHAT’S WRONG IN THIS PICTURE?

What do you see in this picture? Do you see anything that you might change?

This is a picture taken at a worksite by one of the SCM Team. You can see that it is an industrial site. What else do you see? What would you advise the site if you were there?

We received many insightful and well thought out comments last month. We look forward to reading what you think about this site. We will publish some of the comments, along with our thoughts in the Spring issue of our Safety Newsletter, due out in March. And, if we use your comments, we will send you an SCM Tshirt or hat!

If you have trouble viewing the picture, this safety tip, as well as all of the tips for the past few months, can be downloaded from our website at [http://www.scm-safety.com/weekly\\_tips.html](http://www.scm-safety.com/weekly_tips.html).
